In addition, one of the things I like about the Blu Monaco Desk Mail Letter Organizer is the portability of it. Moving it among various rooms in your home, home office, kitchen, or desk is easy.

As we wrap up today's post, perhaps you already have one of these buried somewhere in the garage. It could be hiding under a stack of items in an office armoire. *Have fun (re)discovering the uses for one of these with your letter writing pursuits this month!*
